Registration/Credit Policies

Registration Procedures
(Autumn, Winter, and Spring Quarters)

If you took French or Italian in high school but have no college credit, you will need to take a Placement Test before you will be able to register for classes. For information about the testing schedule, please contact:

Office of Educational Assessment
440 Schmitz Hall
(206) 543-1170

Below you will find information on the following topics:

- Registration for French/Italian 101
- What to do if French/Italian 101 sections are closed (alternatives)
- Registration for students with GSP status
- Definition of GSP/how to obtain this status
- Registration for students currently in a French/Italian sequence
- Registration for students not currently in a French/Italian sequence
- How to get on a waiting list
- How to follow-up once you're placed on a waiting list
- Credit policy for 100-level courses
- Auditor Policy

French/Italian 101:

- If you have never taken French/Italian before, you are considered a beginner and do not need to take a placement test. You are eligible for 101.
- Register on your Period I registration date.
- Registration is on a space-available basis only.
- Course limits may differ from classroom capacities. The number of students that will be able to register for a course is determined by the course limit, NOT by the classroom capacity.

If you aren't able to get into French/Italian 101,

- Consider taking Italian or French 134 (a 15-credit series covering 101-103) during summer quarter. Summer registration is on a first-come, first-served basis.
- Consider enrolling in an accelerated course:
  - ITAL 111 (101 and 102 Combined) 10 credits
  - Italian 111 (usually offered in winter quarter) is an intensive and accelerated course for students with no previous knowledge
of Italian. Successful completion of the course requires that students study for 4 hours every day outside of class. Students who take 111 are then able to enroll in 103 the following quarter.

Students with GSP wishing to enroll in 102, 103, 110, 111, or 200-level languages courses:

- If you currently have GSP (Graduating Senior Priority) status, please e-mail the adviser at sabri@uw.edu with your student #, and the SLNs of *open* sections that work with your schedule. In order to take advantage of your GSP status, you will need to register online or contact the adviser prior to classes filling up.

GSP Status

- GSP stands for Graduating Senior Priority. This status can be obtained two quarters prior to your expected date of graduation. Having GSP status gives a senior top registration priority for a maximum of two quarters. To apply for this status, please contact an adviser in your home department. Once you have GSP, contact sabri@uw.edu for assistance registering for the course.

Registration for students who are currently in the sequence

- If you are already "in sequence" (currently taking a language course), you can register for the next level up on your Period I registration date.

Registration for students who are not currently in the sequence

If you fall into one of the following categories you are eligible to register at the start of PERIOD II as long as space is available:

- Students who are not currently in the French/Italian sequence - in order to register you must demonstrate proof of eligibility for the class you wish to take. This can be achieved by taking the Undergraduate Placement Test, with acceptable transfer credit, credit from the AP French Language exam, or Higher Level IB credit
- Students who are not currently in the French/Italian sequence for other reasons

Waiting List information

If no spaces are available when you become eligible to register, please continue to check availability online throughout Period II, as students may drop. If you're still unable to enroll, you may want to:

- ATTEND THE SECTION FOR THE FIRST TWO DAYS OF THE QUARTER
- Place your name on the waiting list on the first day of class — it is important to note that waiting lists will not be created prior to the first day of class.
- If an ENROLLED student drops the course you are sitting in on during the first two days of the quarter, the instructor will determine who will be given the space. If you are unable to enroll please contact 100/200-level advising at frenital@uw.edu during the first two weeks of the quarter to have your name placed on a waiting list for the following quarter.

It is important to note that students are added to sections on a space-available basis only. No overloads.

If you have your name placed on the advising waiting list for the following quarter, you must then follow up with an e-mail to 100/200-level advising at frenital@uw.edu during registration for that quarter, prior to courses filling up in order to receive assistance.

Credit policy for 100-level French and Italian courses

- Students are not eligible to receive more than 15 credits for any combination of 101, 102, 103, 111, and 134 (for both French and Italian).
Auditor Policy

- Auditors are not permitted to enroll in or attend any French or Italian 100-level course. UW policy states that auditors may not participate in class discussions, homework, or other assignments. A 100-level language course is very dependent on all of these activities, therefore auditors cannot participate in these courses.

- For language courses at the 200-level and above: enrolling auditors is left to the instructor's discretion.
