Summer in Paris

Next offered:
Summer 2021

Live and study in Paris this summer! Improve your French and experience the beautiful City of Light! This program is about the discovery of the French capital city from a historical and cultural point of view. Lectures in both classes focus on the history of Paris and French culture. A variety of readings complement these lectures. Being IN Paris, however, allows for much expansion on the information merely available through reading and lectures.
Lectures in both classes correlate to visits of sites mentioned during class on a daily basis. For instance, the Paris history class session that deals with the events leading to the construction of the Basilica of Saint Denis is immediately followed by a visit of said Basilica. Each visit begins with a student presentation of the site (all in French), and is followed by a complementary presentation of the same site by the faculty (in French, with partial translation). Students visit over a dozen significant monuments/museums with the group.
